

**Lingnan Institute of Further Education
Internship and Career Service Scheme 2017**

職位編號 : Job#20170121

The Hong Kong Council of Early Childhood Education and Services (CECES) was established in response to many inadequate provisions for children and families. In 1982, we started as an advocacy group calling for better policies regarding early childhood, teacher education, facilities and subsidies for parents. Today, we provide informal education programs including the learning of English, healthy living, environmental and conservation education and sports to underprivileged families in Hong Kong. Many of these children come from broken homes or are living in poverty or need special educational care.
